Ladies and Gentlemen:

Re: H.B. No. 6656 (RAISED)

I write to OPPOSE this proposed bill in the strongest possible terms.

Once again it is clear that the intent of the bill is not to make anyone safer, but simply to harass legal firearms owners. The chances of a felon abiding by this bill are incredibly small – and we already have enough illegal, unlicensed, uninsured drivers on our roads. What makes anyone think that a criminal will abide by this rule? It only harasses a legal law-abiding gun owner who has the right to defend themselves and their family.
